**From the Sir George Williams Campus Norris Building to
Concordia University's new Downtown Library Complex:**

**PARADE DOWN DE MAISONNEUVE TO MARK NORRIS BUILDING
MOVE**

MONTREAL / August 13, 1992 -- Members of the Concordia University community, both past and present, will be gathering on **Tuesday, August 18th, at noon, outside the Norris Building (1435 Drummond Street)** to mark the end of one era and the beginning of another.

University departments and services will be moving out of the Norris Building, previously home to Sir George Williams University and an important part of Concordia's downtown presence since its creation in 1974, to the university's new library complex.

To celebrate the move, Norris residents bearing momentos (books, registration forms, admission applications, maintenance equipment), and led by individuals in academic gowns, will be carrying flags, placards and old photos as they leave the Norris Building and march down de Maisonneuve Blvd. to the new library complex on the corner of Bishop Street. A reception will follow in the new facility.

The parade will offer an excellent photo opportunity.
